Way and are magnificent pieces of workmanship. The medal is silver in the shape of a Maltese cross with two rifles crossed between the arms; on each arm is a gold maple leaf beautifully engraved. On the bar from which the medal hangs, are the words "Saskatchewan P. Rifle Association" and on the reverse side of the medal is the inscription "Presented by J. F. Betts, M.L.A." Mr. T. E. TRUTH STRANGER THAN FICTION.

Miss Jennie A. McNair, of Lion's Head, Bruce Co., Ont., tells the following remarkable experience:—I called upon a poor woman who was very sick. She had not left her bed for weeks. Her friends said she was dying of consumption; indeed she was so low it seemed that it would be but a very short time until she would pass away. I looked around on her little children and resolved if possible to cure her, but how to do it was the question. I was well used to the different forms of consumption and well knew that her trouble all came from the "head," and that her lungs were being destroyed by breathing the poisonous secretions into them. I came home praying that God would give me what was wanted to cure her—and he did in a strange way. A little boy came into the room where I was and wanted me to look at a star on a piece of paper. It proved to be an advertisement of Nasal Balm. I ordered it at once, and it proved to be just what was wanted, as to-day the woman's head is all right. She is able to do her own work, and is getting strong very fast. This remarkable change was effected by one bottle of Nasal Balm. Enclosed 50 cents for another bottle, which is for a young lady who has had catarrh for a long time. Please send at once, and I will try and make its worth known in this place. It is a pleasure for me to work for the suffering and praise the medicine that deserves it.

FRIDAY, SEPT. 14, 1888.

The great American eagle is thirsting for gore over the Fisheries question. The Senate and people of the great American Republic are threatening all sorts of vengeance on unhappy Canada. They have even now despatched their entire navy into Canadian fishing waters to see that Yankee filibusters and poachers are not punished as they deserve for their lawless acts. Our Dominion might tremble for the result were the Yankee fleet more formidable, but as it consists of only one rotten hulk, which they are pleased to call a flagship, the danger is not so great as to cause much alarm. We would call the attention of Senator Fry to the fact that in the Province of Quebec there is a "little man" with an old musket which might be available in case of an emergency. The person referred to was last heard from at St. Thomas, Ont., and judging from the tone of his language there, we believe that he would be most happy to assist Uncle Sam with the afore-said musket, especially as he has not had the opportunity of using it against his countrymen for some time. The United States Senate is passing retaliatory laws. They expect by denying Canada certain commercial facilities to force her into surrendering her valuable fisheries. But the chances are that our rapacious neighbors will suffer as much from pursuing such a course as we will. We are no longer dependent on American roads to do our carrying trade. We have our own shipping, our own seaports and lines of railway, and can very serenely smile at the peevish actions of Brother Jonathan. The London Times says, editorially, that "Retaliation will likely enough come to grief on some rock without Canada lifting a hand against it, and that the British Government will stand by the rights of Canada."

The Hon. Wilfred Laurier, of Saskatchewan musket fame, and leader of the Reform party in the Dominion Parliament, has been heard from again. This time in connection with the Fisheries Treaty. Speaking at St. Thomas, lately, he boldly took the part of the United States as against Canada, and declared that the time had come when there should be closer relations between the two countries, in short

that Canada should surrender her rights and her existing prosperity to Uncle Sam. This is the position taken by the Liberal leader, but fortunately he does not voice the sentiments of the Canadian nation. The sentiments uttered by Mr. Laurier are repudiated by the press of Canada, such papers as the *Globe* being especially strong in its denunciation of his unpatriotic utterances. It declares that the Conservative Government has done exactly what the Liberals would have had to do had they been in power and that the people should support the Government in this crisis, and that the fisheries question will yet have to be settled by an International Commission. The *Mail*, although the organ of the annexationists, also condemns Laurier's language, and upholds the Government in a hearty manner.

Gabriel Dumont has announced his intention of returning to the Saskatchewan this month.

The Manitoba wheat crop for this year is estimated at 20,000,000 bushels. This will be 8,000,000 bushels in excess of 1887. In Dakota, on the other hand, the crops are a failure, the damage resulting not only from frost, but from wind, heat and dust.

Sir Chas. Tupper, Canadian High Commissioner in England, has been created a baronet, and the Hon. J. S. D. Thompson, Canadian Minister of Justice, has received the honor of knighthood, he being created a G.C.M.G. These honors have been conferred by Her Majesty the Queen in recognition of services rendered by Sir Charles and Mr. Thompson's members of the late Fisheries Commission. We congratulate the worthy knights on being made the recipients of such high distinctions.

The Battleford Herald has its periodical Indian scare in a recent number. The only reason ever given by our contemporary is that some idle Indians have been seen moving about where perhaps they ought not by some equally idle white man; and then Battleford wants more Police. We do not believe there is any trouble to be apprehended at that place or elsewhere from the Indian, but to allay the fears of the fearful and to give a greater feeling of security, we would like to see either more Police in the district or militia organizations.

The committee again met on the 12th. Couns. Agnew, Johnson and the Mayor were present.

The chairman submitted an itemized statement of the receipts and expenditures on the Government road and Church street. Receipts, \$500; expenditures, \$307.30. The report was adopted.

The following accounts were recommended to be paid: John Offord, \$1.50; School District No. 3, \$7.50; R. Stanley, \$5.20.

The following motion was adopted: That the Board of Works be allowed to employ a competent man to examine and report to the committee on the practicability of carrying on the different works, and where practicable to draw up specifications of such works that they may be done by contract and that all other works be proceeded with by day labor.

SORE FROM KNEE TO ANKLE

Skin entirely gone. Flesh a mass of disease. Leg diminished one-third in size. Condition hopeless. Cured by the Cuticura Remedy.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA REMEDIES, and the result was as follows: After three days I noticed decided change for the better, and at the end of three months was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to day and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co. Ga.

Terrible Suffering from Skin Diseases. I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shun public places by reason of my disfiguring humors. Have had the best of physicians and spent hundreds of dollars but got no relief until I used the CUTICURA REMEDIES, which have cured me and left my skin as clear and my blood as pure as a child's.

IDA MAY BASS, Olive Branch P.O., Miss.

From 145 Pounds to 127 Pounds.

I have taken several bottles of CUTICURA RESOLVENT with all the results I could wish for. About this time last year, when commencing its use, I weighed 145 pounds, and to-day I weigh 127 pounds.

GEO. CAMPBELL, Washington, D. C.

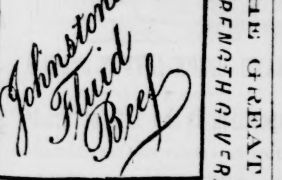

Note:—The Cuticura Resolvent is beyond all doubt the greatest blood purifier ever compounded.

CUTICURA, the great skin cure, and CUTICURA SOAP prepared from it, externally, and CUTICURA RESOLVENT, the new blood purifier, internally, are a positive cure for every form of skin and blood disease, from pimples to scrofula.

BABY'S skin and scalp preserved and beautified by Cuticura Medicated Soap.

HOW MY BACK ACHES.

THIS IS WHAT Johnson's Fluid Beef CLAIMS TO BE.

TERRITORIAL NEWS

CALGARY.

From the *Herald*, August 29.

The police have given up the hunt after their escaped prisoner Dennis. He must have been assisted to escape by some one.

Regina vs P. Sydney VanCourtland, before W. H. Herchmer, Esq., a counsellor of the Dominion Police, August 24th, 1888, at the Barracks. The prisoner was committed to stand his trial at the Superior Court in Calgary in November next. Mr. J. R. Costigan, Crown Attorney, acted for the Queen against the prisoner for digging past holes on Her Majesty's domain. Mr. H. S. Cayley, M.L.A., for defendant. The prisoner gave bail himself in \$600 and Messrs. Bannerman and Martin in \$500 each, that he will dig no more past holes and will appear in proper person to answer for his fearful crime.

BATTLEFORD.

From the *Herald*, Aug. 25.

Joe, an Indian, a few days ago killed six buffaloes out of a band of seven that he fell in with at the Red Deer Forks.

The proposed Mounted Police encampment at Saskatoon, which was to have been formed next week, has been postponed.

Mr. Daunais will hereafter carry on the meat market on his own account. Mr. Barker having withdrawn from that business.

Harvesting is now general, and the result is everywhere satisfactory, the crops being all that could be desired. The intensely hot weather of the past week brought on the grain with marvelous rapidity, and things are apparently so shaped now that no fears disturb the farmers as to the grand results which will crown his efforts.

Frank Otton dug a well about two-thirds of the way up the big hill and struck water at the depth of seventeen feet and at an altitude of about 290 feet above the level of the plains. At the foot of the hill he got three feet of water in a four-foot hole.

EDMONTON.

From the *Bulletin*, Aug. 25.

The present hot weather keeps the river at a high stage. The bars are all well covered.

Mr. Great has a splendid crop of barley ready to cut. Also an excellent crop of potatoes.

Mrs. Ingles, of Fort Saskatchewan, imported a swarm of bees a couple of weeks ago by express.

W. Patton and A. Mitchell, who started for the Yukon last spring, are now in Seattle, Washington Territory.

Double the usual amount of binding twine will be required in this district this season, the grain crop is so heavy; the twine sells at 22 cents per pound.

Although the tomato plants show a vigorous growth here this season and blossomed liberally the general experience is that no fruit has formed. The reason has yet to be discovered.

LETHBRIDGE.

From the *News*, August 29.

Tenders for the laying of sidewalks and crossings have been advertised for by the Council Grant Committee. We hope soon to have good crossings at most of the principal places in town.

On Saturday afternoon last Moses Hall was up before F. Champness, J. P., charged with stealing a hat and shawl, the property of Mrs. White-Fraser, and one shawl, the property of Mrs. Deane, on the 16th inst. On the evidence being taken, he was committed for trial.

On Thursday last as the Hon. Mr. Bowell and party were being driven around town and bottom, they were treated to a runaway by way of variety. The bit of one of the leaders broke and the team became unmanageable. They were brought to a standstill before any damage was done.

A large rock slide occurred from Peak Mountain in the National Park on Tuesday night about half-past twelve. Peak Mountain is about a quarter-mile up the Spray river from the C. P. R. Hotel and fully a mile away from the village. Two rocks as large as an ordinary house rolled down a distance of 3,000 feet plunging up trees, rocks and everything in their course. The noise of the falling rocks aroused the whole town and numbers

thought their last hour had come, others thought that a train had runaway and there was considerable consternation till morning.

FORT MACLEOD.

From the *Gazette*, August 30.

Quite a number of cattle have died at this end of the Pincher creek district during the past summer, including several head lately. The cause has not yet been ascertained. The same thing was going on while Dr. McEachran was here. It is funny his thorough inspection of horse and cattle ranches did not discover this.

The Powder River Cattle Co. have sold all their cattle, horses and other property in Alberta to Sir John Lester Kaye. It is also rumored that all of their stock south of the line has been sold to the same party. Mr. Murphy, who claims that he has assumed large responsibilities on account of the company, and has a lien on their property for a large sum due him, refuses to give up possession, and warns all parties at their peril, not to attempt to interfere with the said cattle or other property, without warrant and authority from a court of competent jurisdiction. Horace C. Plunkett, for the company, advises that Mr. Murphy is not in their employ.

QU'APPELLE

From the *Progress*, August 30.

Would it not be wise for people to be a little more law-abiding, and then they would need a little less law.

Every available old and new reaper has been pressed into service for the cutting of the heavy crop of wheat in this vicinity. A large number of new reapers could have been sold here this season.

Conflicting reports have gone abroad respecting the injury done to the crop by frost on August 16th and 17th. In many sections around us no damage whatever has been done, and better wheat, barley, oats, peas and flax could not be desired.

In many places not even the tenderest garden stuff was touched. But in other districts, for instance north of the Qu'Appelle valley, near Balcarres and in the P. M. Colony some fields of wheat are seriously injured. Oats are reported as all right. The quantity of wheat that will be marketed at Qu'Appelle and Indian Head will be very large and of the best quality; and as prices rule high our farmers feel in high spirits.

From the *Vidette*, August 30.

Inspector Drayner entertained a number of friends at the Qu'Appelle Valley Hotel, last evening.

The Union Sunday School picnic will take place on Friday next, and if teams can be procured they will rusticate at Simpson's Point.

The Four-Per Cent. duly arrived last Friday morning, and from the early hour at which the saloons close up daily we would presume that the malt beer is more highly appreciated than the "soft" or "temperance" drinks that have been all the go.
